

## **Gage Groves**

### ***Student of the Month***

***March 2017***

***7<sup>th</sup> Grade***

**Gage Groves** has been selected as February SOM at PVM. Gage is a 7<sup>th</sup> grade student and he represents his school well. He makes honor roll most of the time because he is a hard worker. He always strives to do his best. Before coming to PVM, Gage attended Hopewell Public Schools. He has one brother that is eleven years old and sometimes Gage has to babysit him. One interesting thing about Gage is that he lives with his Great Grandparents. What a blessing to be able to live with them. He helps them around the house as much as he can. He said, "I enjoy helping my Grandparents."

**Gage** enjoys coming to school. He understands the value of a good education and knows that it is needed to be successful in life. His favorite subject in school is history because he enjoys learning about the past. His least favorite subject is math. He does not like working with numbers. His biggest challenge in school is the noise in the hallways and sometimes the noise in the classrooms when they are doing group assignments. He likes the atmosphere to be quiet and structured. If he could change one thing at PVM, he would like to be able to take gym both semesters. He enjoys being able to play the sports and learn the rules of the different games since he does not play any sports after school.

**Gage** has not decided on a college that he wants to attend, but he knows that he wants to become an Egyptologist. An Egyptologist studies ancient Egyptian history, language, literature and religion. We wish him well with his studies. It sounds very interesting.

Congratulations to Gage Groves as being named the Student of the Month for February! It is an honor well deserved!
